

Famatel Range 2019

Valid from 01/01/2019 to 31/12/2019

WE THINK AND ACT GLOBALLY - FAMATEL SPA

By believing in this project we've truly crossed borders. We've become a global business where people, their attitude and their knowledge are the backbone to the Famatel project.

Our corporate strategy rests on the pillars of teamwork and respect for diversity; it's led us to have a presence in over 60 countries with 3 production centers and 7 subsidiaries.

A demanding, honest and well-motivated team strive every day to consolidate our position on the national and international market by strengthening our relationship with clients and suppliers alike.

COMMITMENT TO A JOB WELL DONE

R&D&I

In order to achieve excellence, we are dedicated to carrying out research, working hard and making discoveries. In short, we innovate. Innovation is what sets us apart and makes us connect with the consumer.

Our global presence provides our R&D&I departments with enriched information and experience, which help them to develop products adapted to the specific needs and legislation in each market.

PRODUCTION

We concentrate all our efforts to maintain a high level of development among those technologies that are essential to the manufacturing of our products.

To offer high value-added products and guarantee a quick and effective service that meets the demands of the market, we apply a balance between flexibility and specialization. We meet the needs of the national and international market with more than 2000 standard products and their multiple variables.

QUALITY IS OUR PRIORITY

An important part of our business policy is based on establishing an effective and efficient Quality Program that is built into all of our business' processes and departments.

The integrated Famatel Quality Management System is based on the requirements of UNE-EN ISO 9001:2008, as well as other applicable national and international standards. Compliance is headed up by our Senior Management, and is part of the whole organization's commitment.

We guarantee compliance with national and international standards for all products manufactured by Famatel. Our R&D&I department uses its many internal labs, collaborating with certifying agencies, to guarantee all necessary trials are carried out to vouch for the quality of our products and compliance with the current standards.

Custom Build

Famatel UK holds a full range of BS4343 / IEC 309 electrical distribution products from 16 amp to 125 amp, single and three phase, plugs and sockets, switched interlocks, RCD protected sockets, appliance inlets, surface sockets and much more.

Famatel also manufacture a wide range of enclosures from IP20 to IP67 along with the new GRP range that is ex stock in the UK for next day delivery.

We have the ability to integrate our distribution products together to offer our customers a custom build solution to meet customers' specific requirements.

Custom made distribution systems made to order

Our products are made in the EU by Famatel Spain and distributed by Famatel UK offering peace of mind with a fully certified product.
