Voltage Voltage of the operating voltage AC	overvoltage category	III
type of voltage of the operating voltage insulation voltage (Ui) • with multi-phase operation at AC rated value supply voltage supply voltage at AC rated value value range of the supply voltage frequency operating voltage • with multi-phase operation at AC maximum • at DC rated value maximum 72 V Protection class protection class IP Switching capacity switching capacity switching capacity current • according to EN 60898 rated value • according to EN 60898 rated value • according to EC 60947-2 rated value • according to EC 60947-2 rated value • f kA energy limitation class Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Product details product details product feature • halogen-free • sealable • selicon-free • yes product extension installable supplementary devices Connectable conductor cross-section solid	degree of pollution	2
insulation voltage (Ui) • with multi-phase operation at AC rated value supply voltage supply voltage at AC rated value value range of the supply voltage frequency operating voltage • with multi-phase operation at AC maximum • at DC rated value maximum 72 V Protection class protection class IP Switching capacity switching capacity current • according to EC 60947-2 rated value • according to IEC 60947-2 rated value energy limitation class Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Product detaits product feature • halogen-free • sealable • sealable • selable • silicon-free • selable • silicon-free • selable conductor cross-section solid	Voltage	
with multi-phase operation at AC rated value Supply voltage supply voltage at AC rated value value range of the supply voltage frequency operating voltage with multi-phase operation at AC maximum at DC rated value maximum Protection class protection class IP Switching capacity switching capacity current according to EN 60898 rated value according to IEC 60947-2 rated value fo kA energy limitation class power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Residential buildings/infrastructure Product details product feature halogen-free sealable selicon-free ves product extension installable supplementary devices Connections connectable conductor cross-section solid	type of voltage of the operating voltage	AC
supply voltage supply voltage at AC rated value value range of the supply voltage frequency operating voltage • with multi-phase operation at AC maximum • at DC rated value maximum 72 V Protection class protection class IP Switching capacity switching capacity switching capacity current • according to EN 60898 rated value • according to IEC 60947-2 rated value energy limitation class 3 Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Residential buildings/infrastructure Product details product feature • halogen-free • sealable • silicon-free • sealable • silicon-free • yes product extension installable supplementary devices Connections connectable conductor cross-section solid	insulation voltage (Ui)	
supply voltage at AC rated value 400 V value range of the supply voltage frequency 50/60 Hz operating voltage • with multi-phase operation at AC maximum 440 V • at DC rated value maximum 72 V Protection class protection class IP IP20, with connected conductors Switching capacity switching capacity current • according to EN 60898 rated value 6 kA • according to IEC 60947-2 rated value 6 kA energy limitation class Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Residential buildings/infrastructure Product details product feature • halogen-free Yes • sealable Yes • selicon-free Yes product extension installable supplementary devices Connections connectable conductor cross-section solid	 with multi-phase operation at AC rated value 	440 V
value range of the supply voltage frequency operating voltage • with multi-phase operation at AC maximum • at DC rated value maximum 72 V Protection class protection class IP Switching capacity switching capacity current • according to EN 60898 rated value • according to IEC 60947-2 rated value 6 kA • according to IEC 60947-2 rated value 6 kA energy limitation class Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Product details product feature • halogen-free • sealable • sellcon-free • sealable • silicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid	Supply voltage	
operating voltage • with multi-phase operation at AC maximum • at DC rated value maximum 72 V Protection class protection class IP Switching capacity switching capacity current • according to EN 60898 rated value • according to EC 60947-2 rated value • according to IEC 60947-2 rated value • 6 kA • and the current at AC in hot operation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Product details product details product feature • halogen-free • sealable • sealable • sealable • silicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid	supply voltage at AC rated value	400 V
with multi-phase operation at AC maximum at DC rated value maximum 72 V Protection class protection class IP IP20, with connected conductors Switching capacity switching capacity current according to EN 60898 rated value according to IEC 60947-2 rated value according to EN 60898 rate	value range of the supply voltage frequency	50/60 Hz
at DC rated value maximum 72 V Protection class protection class IP IP20, with connected conductors Switching capacity switching capacity current • according to EN 60898 rated value • according to IEC 60947-2 rated value • balger loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Residential buildings/infrastructure Product details product feature • halogen-free • halogen-free • sealable • sealable • yes • sealable • sealable • yes • silicon-free yes product extension installable supplementary devices Connections connectable conductor cross-section solid	operating voltage	
Protection class IP IP20, with connected conductors Switching capacity switching capacity current • according to EN 60898 rated value 6 kA • according to IEC 60947-2 rated value 6 kA energy limitation class 3 Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Residential buildings/infrastructure Product details product feature • halogen-free Yes • sealable Yes • silicon-free Yes product extension installable supplementary devices Yes Connections connectable conductor cross-section solid	 with multi-phase operation at AC maximum 	440 V
protection class IP IP20, with connected conductors Switching capacity switching capacity current • according to EN 60898 rated value 6 kA • according to IEC 60947-2 rated value 6 kA energy limitation class 3 Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Residential buildings/infrastructure Product details product feature • halogen-free Yes • sealable Yes • silicon-free Yes product extension installable supplementary devices Yes Connections connectations with connected conductors BP20, with connected conductors 8 kA 9 kA 8 kA 9 kA 9 kA 9 kA 9 kA 8 kA 9 kA 9 kA 9 kA 8 kA 8 kA 8 kA 8 k	 at DC rated value maximum 	72 V
Switching capacity switching capacity current • according to EN 60898 rated value • according to IEC 60947-2 rated value 6 kA energy limitation class 3 Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Product details product feature • halogen-free • halogen-free • sealable • selidential buildings/infrastructure Yes • sealable • silicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid	Protection class	
switching capacity current • according to EN 60898 rated value • according to IEC 60947-2 rated value 6 kA energy limitation class 3 Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Product details product feature • halogen-free • sealable • sealable • silicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid	protection class IP	IP20, with connected conductors
according to EN 60898 rated value according to IEC 60947-2 rated value energy limitation class 3 Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Product details product feature • halogen-free • sealable • silicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid 6 kA	Switching capacity	
according to IEC 60947-2 rated value energy limitation class Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Product details product feature halogen-free sealable sealable sealable silicon-free yes product extension installable supplementary devices Connectable conductor cross-section solid 8	switching capacity current	
energy limitation class Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Product details product feature • halogen-free • sealable • silicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid	 according to EN 60898 rated value 	6 kA
Dissipation power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Product details product feature • halogen-free • sealable • silicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid	 according to IEC 60947-2 rated value 	6 kA
power loss [W] for rated value of the current at AC in hot operating state per pole suitability for operation Residential buildings/infrastructure Product details product feature • halogen-free • sealable • sealable • silicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid	energy limitation class	3
operating state per pole suitability for operation Product details product feature • halogen-free • sealable • sealable • silicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid	Dissipation	
product details product feature • halogen-free • sealable • selicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid		1.3 W
product feature • halogen-free • sealable • silicon-free product extension installable supplementary devices Connections connectable conductor cross-section solid	suitability for operation	Residential buildings/infrastructure
 halogen-free sealable silicon-free yes product extension installable supplementary devices Connections connectable conductor cross-section solid 	Product details	
sealable silicon-free Yes product extension installable supplementary devices Connections connectable conductor cross-section solid Yes Yes Yes	product feature	
sealable silicon-free Yes product extension installable supplementary devices Connections connectable conductor cross-section solid Yes Yes Yes	• halogen-free	Yes
product extension installable supplementary devices Connections connectable conductor cross-section solid		Yes
Connections connectable conductor cross-section solid	• silicon-free	Yes
Connections connectable conductor cross-section solid	product extension installable supplementary devices	Yes
connectable conductor cross-section solid		
		0.75 mm²

maximum	25 mm²	
connectable conductor cross-section stranded		
• minimum	0.75 mm²	
maximum	25 mm²	
connectable conductor cross-section finely stranded with core end processing		
• minimum	0.75 mm²	
maximum	25 mm²	
tightening torque with screw-type terminals		
• minimum	2.5 N·m	
• maximum	3 N·m	
Mechanical Design		
height	90 mm	
width	36 mm	
depth	76 mm	
installation depth	70 mm	
number of modular width units	2	
mounting position	any	
net weight	230 g	
Environmental conditions		
ambient temperature during operation		
• minimum	-25 °C	
maximum	45 °C	
ambient temperature during storage		
• minimum	-40 °C	
• maximum	75 °C	
General Product Approval		Declaration of Conformity

Further information

Siemens has decided to exit the Russian market (see here).

https://press.siemens.com/global/en/pressrelease/siemens-wind-down-russian-business

Siemens is working on the renewal of the current EAC certificates.

Confirmation

Please contact your local Siemens office on the status of validity of the EAC certification if you intend to import or offer to supply these products to an EAC relevant market (other than the sanctioned EAEU member states Russia or Belarus).
