

E32-T16W 2M

Fiber optic sensor, through-beam, area detection, 30mm area, R10 fiber, 2m cable

Specifications

Sensing method	Through-beam
Sensing height	30 mm
Sensing distance	4000 mm
Cable length	2 m

Fits to

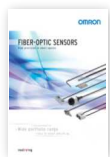

E3NX-FA41 2M

Fiber amplifier, twin digital display, smart tuning, PNP, single output, 2 m cable
