

F3S-TGR-NLPM-21-M1J8

Non-contact door switch, RFID master coded, elongated plastic housing, 2NC/1NO, M12 connector pigtail 8-pin

Specifications

Door switch type	Non-contact, RFID coded
Guard-lock	✘
Coding	Master
Material housing	Polyester
Ambient temperature (operating)	-25-80 °C
Door contacts NC	2
Door contacts NO	1
LED indicator	✔
Connection method	M12 pigtail connector
Cable length	0.25 m
Cable exit direction	Left
Degree of protection (IP)	IP67
Output type	Transistor
Shape	Rectangular
Overall length	88 mm
Height of sensor	13 mm
Width of sensor	25 mm
Switch without actuator	✘

M12 Connectors & Cordsets

Industrial connectors & cordsets for any application
